

## Missouri River Recovery Implementation Committee (MRRIC)

The Committee consists of 28 stakeholders who represent 16 interest categories, 8 states in the Missouri River Basin and 10 different federal agencies who were appointed by the Secretary of the Army for Civil Works to provide guidance to the Secretary with respect to the Missouri River Recovery and Mitigation plan.

The committee was organized under The Water Resources Development of Act of November 2007. The MRRIC Charter was approved by the Secretary of the Army for Civil works in July of 2008. The Operating Procedures of the Committee were adopted in January of 2009.

The committee has held several meetings and those meeting notes are shown on this website. The information regarding the date and location of the next meeting are also shown on this website.

If are unable to find out what you need on this web site the following members of the committee have agreed to try and answer your questions or to direct you to someone who might answer them.

Joe Gibbs                   (573) 815-0347  
William D. Lay           (660) 248-3068
